### Attention!

The Hayes and Wheeler Club will meet at the Theater at 9:30 A. M. sharp August 23, to march in procession to meet our visiting brethren.

T. D. EDWARDS, Pres.  
E. J. PARKINSON, Sec'y.  
We are authorized to say in connection with the foregoing that badges will be ready for the members at the hall; also that the Colored Club have been invited to join the Club and march with them to the depot to meet the visiting Clubs.

A NOISY AND ANNOYING POUND.—A fellow-citizen who is well entitled to have a very respectful hearing complained to our reporter yesterday that the dogs in the pound in rear of the County building make such an infernal uproar nights and days as to cause tired Nature's sweet restorer, balmy sleep, to be banished from tired humanity and make the heaven-sent gift of patience seem to be a virtue. By all means the municipal dogs should pass an order compelling the abatement of this, their own nuisance. The pound should be removed far away from the center of our Capitoline enlightenment.

## The Barbecue.

This is Farmer Treadway's treat. He invites to his grateful grass and cooling shade and abundant board the assembled representatives of the Republican party. It will be sumptuous, open handed, hearty. We feel like committing the Appeal to the Farmer for the next Presidency. What was Cincinnati to him, or what's he to Cincinnati? Long lines of the substantial edibles ever offered to virtuous delegations will be there—meats and the vanda of good cheer in vast profusion. None need go thirsty; or suffering the pangs of an unrequited appetite, exclaim with Pope's man "with more than harpy throat endured."

—end me, Gods.  
A whole hog barbecue.  
None need feel the disheartening quail of modesty, none need be backward about coming forward. But the physical after the intellectual repast—this were the wholesome order. The talking from the stand in the great dancing hall will be grand, glorious and in this spring. As to what will be done in regard and as to the prescribed exercises of the day, are they not within the volume of the advertised programme in our advertising column? Read and be enlightened and blest.

## The Colored Club Serenaded.

The Hayes and Wheeler Club (white) upon the arrival last night of the National Guard Band from Virginia (the same being under employment to them for to-day's doings), formed in procession and marched behind the music to the meeting place of the Colored Club and gave them a serenade. Some short speeches were made, some hearty cheers given and much genuine Republican enthusiasm made manifest. The ball opened gloriously. The heart of the party beats high with the old war spirit. The party will awaken under this splendid enthusiasm; and as to the participants in this day's work, "The air they breathe is autumn's haze."

OF A FIRE which took place in Virginia City yesterday morning between 12 and 1 o'clock, the Gold Hill News says: The hoisting works of the Rocky B r Mining Company, situated east of the Ophir, on the other side of the canyon, and close by the Catholic cemetery, were seen to be in flames. As there is no water in the vicinity the engines were not brought out and the building burned to the ground. It is supposed that the fire was started by an incendiary, as no work has been done in or about the mine for several months and therefore there was no chance for accidents about the works. The machinery, which was not of a costly kind, was wholly destroyed. To-day it was rumored in Virginia that several men were at work in the mine at the time of the fire and had perished. A News reporter proceeded to the mine and ascertained that there was no truth in the report. The shaft, which had been sunk to the depth of about fifty feet in ore, and as no water can be obtained will, of course, burn to the bottom.

ABOUT WOODBURN.—On the strength of what we saw in Tuesday's Enterprise we ventured to say that Mr. Woodburn was at the Crown Point mansion, Gold Hill. In yesterday's issue of that excellent family paper we have the following: We are now satisfied that our information as to Congressman Woodburn's arrival Sunday morning and domiciling at the Jones mansion, Gold Hill, was a mistake. Representative Woodburn was in his seat and attending to his duties on the last day of the session, and could not, therefore, have arrived in Gold Hill on Sunday. There is certainly a mistake in this matter somewhere, unless, indeed, our Congressman has, in connection with his other powers, that of ubiquity.

COMING TO ATTEND THE BARBECUE.—It is going to be a gala day here to-day. Excursion trains will leave Virginia City and Gold Hill this morning and arrive here about half past 9 or 10 o'clock. The Gold Hill News says that the ladies are invited, and every man who goes is expected to take his wife, his sister, or somebody's sister. Gold Hill will turn out a big crowd and Virginia City is expected to do her duty.

SHOOTING PLACE.—The County Committee have erected a commodious rostrum for the accommodation of the public speakers who will address the assembled multitude this evening. It stands on the Capitol Square side of Carson street opposite the County Building. It will be the sounding place of rare eloquence and convincing fact.

DISHEARTENING TO THE MINERS.—A dispatch dated Washington, August 23, informs us that in order to bring the expenses within the appropriation a reduction in the rates of wages at the Mints at Carson and San Francisco is ordered, and a reduction of the number of employees at the last named Mint.

FURNITURE FOR SALE CHEAP.—Mr. George W. Kitzmeyer makes notice that he has selected a large lot of new furniture at the East and that he will sell his present stock cheap in order to make room for the same. See his advertisement and then go and buy yourself rich.

THE alarm of fire last evening was caused by some sort of a brief inglorious conflagration on or about a flat car near by the timber framing works down on the railway there. The gallant firemen were promptly out. No damage of any consequence.

OUR old and valued friend, Doctor Zabriskie, came down from Virginia City last night to attend the convention to-day—he being a delegate from Lyon. Delighted to see him so well and hearty.

AT HALF-MAST.—The flags floated at half-mast from the Capitol, the Mint and other public buildings in the city yesterday as a token of public lament upon the death of Speaker Kerr.

THE Carson Guards will accept the thanks of the editorial department of this establishment for complimentary tickets to their forthcoming ball.

## Programme for the Ratification To-day.

The Hayes and Wheeler Club of this city will meet and march to the cars to receive the Virginia City, Gold Hill, Reno and other clubs. The arrival of the cars from Virginia City will be announced by the firing of cannon.

The barbecue at Treadway's Ranch will take place between the hours of 12 m. and 1 o'clock p. m. Speaking will commence at 2 p. m.

In the evening there will be speaking on Carson street, in front of the Court House, at 7:30 o'clock.

During the evening there will be a display of fireworks, firing of cannon, bonfires, etc.

The Virginia City Glee Club will be present both afternoon and evening, and will discourse stirring campaign songs.

The Washington Guard Band will be in attendance afternoon and evening.

There will be simple room for ladies on the balcony of the Court House.

Citizens are requested to make a liberal display of bunting.

W. FRANK STEWART is in the city. Come to look at the fun and frolicking he says.

A FURNISHED HOUSE TO RENT.—See advertisement in another column of the Appeal.

MAN STABBED AT HIKE.—The following account of a stabbing affray is from the Pioche Record of Aug. 18:

"Hike, August 15, 1876.—To-day one of our ranchers, W. S. Ferguson, came to town for the purpose of settling a law suit he had against two ago and lost, and while in the Justice's office W. S. Ferguson and an old employee of his, George Cadwall, had some angry words. The Justice commanded them not to have a row in his office, Mr. Cadwall then started out of the door and Ferguson sat down and commenced reading a newspaper. All at once he sprang from his seat, pulled a pistol, and ran out the door, seemingly for the purpose to shoot Cadwall. He noticed him coming and caught the pistol. They scuffled together for about fifteen minutes, when finally Cadwall got the pistol away from Ferguson, pulled a knife (a dirk about six or seven inches in length) and shoved it twice into the body of his antagonist. Finally Ferguson got loose and ran away. Cadwall fired one shot after him, which, however, missed him. Ferguson was conveyed to his ranch and is lying in a critical condition and is expected to die from the wounds inflicted. Cadwall gave himself up, was tried and acquitted; the quarrel having been provoked by Ferguson and the cutting being done by Cadwall in self-defense. Ferguson in this community is considered a very quarrelsome man, always either in a dispute or at law with his neighbors."

THIS is mean, but awful good: A lady writes: "Dear Herald—Don't you make a mistake in chronicling daily the movements (?) of General Terry? In my opinion he ought to change names with his enemy, Mr. Bull, and be called General Sedentary!"
